

HYPER PRESSURE NO NEEDLE MESOTHERAPY

As we all know, normal skin cells are regenerating every minute. All cells of human body are undergoing a period of split, survival and death, new born cell is the copy of dead cell. So skin always remains its inherent appearance, identity and functions. Moreover, when pathological damage happens on skin cells and cause the death of lots of them, those surviving will split ceaseless to recover the injured skin.

HOW DOES IT WORK:

It utilises the reconstruction effect of human skin and gives suitable re-growth environment by providing the suitable nutriments directly where they are needed thanks to the hyper pressure.

Painless and No Needle APPLICATIONS:

Scar removal

Wrinkle removal

Peeling

Skin Rejuvenation

Acne Removal

Hair regrowth: Utilises the massive energy to get through hair pore and let oxygen come into hair follicle. Inject hair growth treatment into the deep layer of the follicle, and at the same time accelerates blood circulation.

100% painless procedure.
